

Church Security Planning and Intruder Response Training Goshen, IN – April 27-28, 2018

Friday 8:00 am - 4:30 pm | Saturday 8:00 am - 2:30 pm

Many churches have taken comfort in thought that "it could never happen here." But headlines and a steadily-growing body of statistical evidence demonstrate that violence in faith-based organizations is not an if, but a when.

The Church Security Planning and Intruder Awareness training will equip your staff and key volunteers to create a personalized security plan that protects your congregation while maintaining a welcoming environment. You can choose from a 1- or 2-day option, but both days are recommended and the subjects interrelate.
