

About Us

Fusion Student Ministries is a ministry of First Baptist Church of Goshen, IN, for students in grades 7-12. This year round ministry features activities designed for students to have fun while learning to minister to and love others as Jesus Christ loves them. In addition we offer a Wednesday night Bible Study and interaction time starting at 6:20pm

as well as a Bible Study on Sundays at 9:00am. Our goal is to give students a safe environment

where they can grow in their relationship with God through Bible Studies and social activities.

Teaching

Here at Fusion Student Ministries we believe that the worship of God through the studying of His Word is to be the central focus of student ministry. It is for that reason that our Bible study times are the foundation of our youth program. We meet twice weekly with the goal of learning from the Word of God. First, we start the week at 9am on Sundays with lessons ranging from book studies to how the Bible can change our lives. Then, on Wednesday evenings at 6:20pm we focus on specific Bible events and their effect on our lives using the Word of Life Bible lessons. We also encourage our students to be actively learning through their own personal, daily study of God's Word with the Word of Life Quiet Time Diary. In addition we encourage learning through Scripture memory and Christian service opportunities. .

Ministries

We encourage young people to use the talents that God has given them for His glory. To facilitate this we offer many opportunities throughout the year for them to be involved in serving others. These activities include nursing home and shut-in visits, community services such as leaf raking, free carwash, and many others. In addition to these ministries we seek to develop a sincere desire in young people to use their talents to worship God. Students are given opportunities to teach in both Children's Church and VBS as well as being involved in the music ministry of our church. We also help to sharpen their ministry skills through participation in a student led ministry initiative each year.

Activities

While keeping a central focus on God's Word and equipping young people to minister for God, we also understand the need for young people to

have fun. Through out the year we have activities specifically designed for young people to enjoy fellowship, fun, and, of course, food. These activities range from YACs (Youth After Church), which are basically a social gathering, to over night retreats where we play games, go on hikes, and spend time studying God's Word. Our fall FUSION FRENZY event is intended to be a day of fun (inflatables, go carts, paintball) while being an opportunity for young people to bring along their friends. We also offer missions trips and Christian camp opportunities for young people on a four year rotation: Word of Life camp in New York, domestic missions trip, another camp of choice, and a foreign missions trip. In

addition to these, we offer various other activities throughout the year that

are aimed at students having a fun, safe, and exciting social time. For more information visit us at www.fbcgoshen.org.
